

## WHO ARE WE?

Our Grant County Tea Party started with one meeting and five concerned citizens. By the third meeting, we were eighty-five patriots strong.

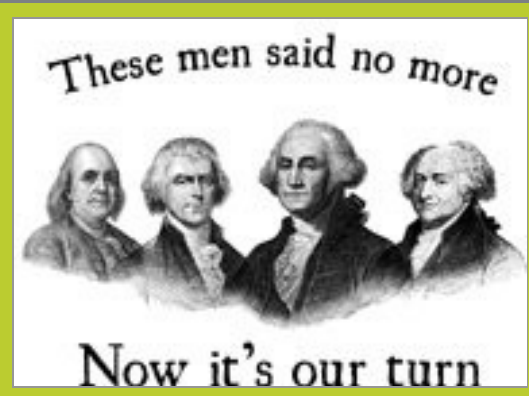

We are a group of concerned Hoosiers who have decided that the time for sitting on the sidelines is past.

We are secretaries, school bus drivers, factory workers, farmers, homemakers, school teachers, business owners, and retirees from all walks of life and political affiliations. We are your next door neighbors and friends.

Join us two Mondays of each month to talk with us and learn about our current activities. Check the web site for dates, time, and location.

## Grant County Tea Party

God, Country, Constitution

# GOD

We stand united in support of the Judeo Christian ethics, principles and values upon which our nation was founded. We are sure that our call to serve and follow God does not absolve us of our responsibility to be active as a citizen here in the United States. We take seriously the responsibility to maintain a culture in which we are free to worship, life is valued and traditional marriage and families are protected.

## CHALLENGE:

### Grant County Election Info

- With an approximate population of 70,000 people
- Grant County has only 47,588 registered voters
- Only 8,612 people came out to vote in the 2010 Primaries.

Let's see this number increase for the general election.

# COUNTRY

We are working at the City, County, State and Federal levels to locate candidates who will stand boldly in support of small government and who view service in an elected position as a short term commitment instead of a lifetime career move.

We are taking a stand against ongoing bailouts, out-of-control deficit spending, and government takeovers of sectors of the economy, Cap & Trade, government-run health care, and higher taxes at all levels of our government. We are working to take our country back.

“My reading of history convinces me that most bad government results from too much government.”  
-Thomas Jefferson

# CONSTITUTION

It is our conviction that we need to restore the Constitution of the United States not as a living document, but as the static founding cornerstone of our nation. We seek to “preserve, protect and defend” it as originally written. We desire to advance limits on government at each level, and checks and balances throughout.
